EXHIBIT RULES AND CONDITIONS

The numismatic exhibit program will be under the control and direction of the Central Ohio Numismatic Association (CONA), which reserves the right to reject any exhibit at any time. Exhibits will be accepted only upon receipt of the proper application form.

- (1) WHO MAY EXHIBIT: Any collector of numismatic material, who is a member in good standing of CONA, is eligible. Non-members may be invited by the president to exhibit non-competitively.
- (2) For an exhibitor to be eligible for the use of space and display cases, an exhibit application must be filled out and mailed, or given to a member of the Show's exhibit committee, at least (10) days prior to the opening of the convention.
- (3) A counterfeit, copy, restrike, forged, or reproduction of any numismatic item that is not clearly indicated by the word "counterfeit", "copy", "restrike", "forged", or "reproduction" incused in the metal or printed on the paper there shall not be included, with the exception of items generally accepted by numismatists and not in anyway represented as genuine. No such numismatic item displayed for educational purposes shall violate United States law or any government regulations. Struck or cast copies of numismatic items must be clearly labeled as such. Laser printed (photocopy) reproductions of numismatic items are permitted as allowed by law and may not be greater than 200% the size of the original, and at least one original example of such numismatic item must be displayed for exhibition purpose, either below or above the item as well. Any violation of this paragraph, even if unintentional, will result in total disqualification of the exhibit.
- (4) No single exhibit may be entered in more than one classification. An exhibitor may not enter more than one exhibit in the same classification. The exhibitor may enter separate exhibits in different classifications, provided the exhibitor files a separate application for each exhibit, and indicates the class in which it is to be entered. No outside signs and/or lights may be used. The exhibit chairman may transfer an exhibit from one class to another if the exhibit cannot meet the 65% test of numismatic material belonging to the classification into which the exhibit was entered. The exhibit chairman will confer with the exhibitor about the transfer of the exhibit to its proper classification. In the event that the exhibitor does not agree with the exhibit chairman on the proper placement of the exhibit, the chief judge will make the final decision.
- (5) ASSIGNMENT OF CASES: Cases will be assigned in the order of receipt of entry blanks. The number of cases allotted to each exhibitor shall be left to the discretion of the exhibit chairman. No exhibitor may be permitted to display more than seven (7) cases, or occupy more than twenty one (21) linear feet per exhibit.
- (6) Exhibit cases will be loaned for use upon receipt of the application stating case requirements. If an exhibitor enters more than one exhibit, and requires the loan of more than seven (7) cases, the loan will be based on the availability of such cases, after the requirement of all qualified exhibitors has been met. Non-competitive exhibits shall be subject to such space limitations, as the exhibit chairman deems appropriate.
- (7) The name or identity of any competitive exhibitor shall not appear on the exhibit, except as an author in a bibliographical reference. Reference will be sufficiently general so that the exhibitor cannot be linked in any way to the exhibit. All material must be the personal property of the exhibitor.

The exhibit chairman shall keep a full and complete record of all exhibits. The record will show the name of each exhibitor, and the number of the exhibit. Names of competitive exhibitors shall not be disclosed to anyone until the judges have completed the judging of the exhibits, and made their reports to the exhibit chairman.

(8) The exhibitor in the presence of a member of the exhibit committee personnel shall lock each exhibit case. The exhibit chairman will assign a numbered identification card showing the number of the exhibit within the group, and the group classification under which the exhibit has been entered. The same number will be placed on the upper left-hand corner, or alternative position where it is plainly visible.

(9) Special security will be provided for the exhibit area during the show. Normal precautions will be exercised at all times. No liability shall be incurred by the Central Ohio Numismatic Association (CONA), its officers, members, and/or committees, either in their respective official, individual, or personal capacities by reason of any loss or damages whatsoever sustained, either directly or indirectly in connection with the exhibits and/or show.

(10) Awards for any exhibit will be made by the Central Ohio Numismatic Association (CONA) in accordance with the procedures approved by the executive board.

(11) The Following exhibit classifications shall be used:

- A. U.S. COINS
- B. PAPER MONEY
- C. FOREIGN COINS
- D. ERRORS
- E. MEDALS, ORDERS, TOKENS
- F. MISCELLANEOUS
- G. YN (Under Age 19)
